

REV ERIC McANDREW

I felt the call to full-time ministry at a more mature age and started study at Murdoch University in 1999. I graduated in 2004 with a Bachelor of Theology with a minor in Sociology. I also completed Clinical Pastoral Education.

My first ministry placement was an interim ministry at Carramar on a campus of St Stephen's School. This was followed by a call to East Avon in 2005 where I was initially an Intern in Ministry followed by ordination there in 2007.

Following the placement at East Avon I took up a half-time chaplaincy position at Sir Charles Gairdner Hospital. For a short time I served on Trinity College Council.
