#### ITEMS FOR 'NEWS & NOTES'

Cathy will be returning from Long Service Leave on Tuesday 31<sup>st</sup> August and so please contact her with items for 5<sup>th</sup> September, thankyou Jean Young

#### **YOUR RETIRING OFFERING NEXT SUNDAY, 5 SEPTEMBER WILL GO TO UCAWA SUPPORTED SUSTAINABLE SEPTEMBER PROJECTS - CARING FOR CREATION IS A KEY CHRISTIAN TASK.**

Both the bible and the Christian tradition have some vital and profound things to say about caring for the environment - which the church understands as God's creation.

The Uniting Church Western Australia has committed to:

- Becoming advocates for sustainable environmental policies and practices which protect, honour and care for our natural resources
- Being proactive in supporting local, national and international environmental agreements and initiatives;
- As a Synod, they have made decisions to divest from fossil fuels, endorse the Five Leaf Eco-Awards, and adopt a range of environmental policies.

The Synod of Western Australia is a member of broader Climate Change advocacy networks, including Renew WA – a coalition of churches, unions, community groups, aid organisations, environmental groups, youth organisations and social service providers who support strengthened government action to address the causes and effects of climate change.

Additionally, UCAWA is a member of the WA Australian Religious Response to Climate Change (ARRCC WA), a multi-faith network committed to taking action on climate change on both a state and national level.
