The **International Partnerships & Development Commission (IPDC)** invite you to join them for a walk around the river to raise money for Lafaek Diak's mobile health clinic in Timor Leste. Operating out of the back of a 4WD, the clinic works its way around the remote villages of East Timor delivering medical aid and services, health promotion education and care, immunisations and clinics. Starting and ending at Saint Stephen's Uniting Church in Applecross, there will be two walk options for people to choose - 3.4km and 6.8km - finishing the day with afternoon refreshments. You can register to walk and fundraise or simply support this great cause with a donation.

Go to our Trybooking site to register or donate!
